About: Outdoor Recreation Industry Roundtable is a coalition of America's leading outdoor recreation trade associations working to promote the policy and legislative reforms needed to grow the outdoor recreation economy. Roundtable members represent the thousands of U.S. businesses that produce vehicles, equipment, gear, apparel and services for the millions of Americans who enjoy our nation's parks, waterways, byways, trails and outdoor spaces. Combined, the various business sectors within the outdoor recreation industry generate \$646 billion-per-year in economic activity and provide an estimated 6.1 million direct jobs.
