

RVs Move America

The Economic Impact of the Recreation Vehicle Industry

Direct RV Industry Impact

-  A recently released study measured the economic contributions of the RV Industry. The first ever economic impact study of the RV Industry covers the entire RV industry including RV manufacturers & suppliers, RV sales & service, and RV campgrounds and travel.
-  Study highlights of the direct economic impact include:
 -  **155,000** Jobs
 -  **\$8 Billion** in Wages
 -  **\$27 Billion** in Economic Output

Overall RV Industry Impact

-  Economic activity started by the RV industry generates output and jobs in hundreds of other industries.
-  The impact of indirect firms, and the induced impact of the re-spending by employees of industry and indirect firms, creates significant overall industry impact as follows:
 -  **290,000** Jobs
 -  **\$16 Billion** in Wages
 -  **\$50 Billion** in Economic Output
